Construction

LET JOHNSON O'CONNOR HELP YOU BUILD FINANCIAL STRATEGIES AND A COMPETITIVE EDGE

Our professionals understand the key issues in the construction industry and will collaborate with you on strategic planning, enhancing operations, improving project controls, lending and bonding compliance, and more. We'll also help you stay competitive with financial strategies aligned to your business goals.

We work with a full spectrum of construction industry clients, including:

- General contracting and construction management firms
- Subcontractors and specialty trade contractors
- Homebuilders and residential developers
- Construction suppliers
- Real estate developers
- Engineering and architectural firms
