Audit & Assurance

APPROACH AUDITS WITH CONFIDENCE

At Johnson O'Connor our decades of accounting experience and deep industry knowledge make us a valuable resource for businesses seeking audit and assurance services. Our top-tier CPA team is highly experienced in all generally accepted accounting and auditing standards. Most of all, we ensure integrity and attention to detail on every accounting or auditing engagement we perform.

As a people-centric accounting firm, we combine our accounting and auditing expertise with outstanding business vision and foresight to help you reach your business goals. Our team also looks beyond financial records to gain insights about potential risk factors you may face—and provides proactive guidance and new ideas to create efficiency within your organization.

Our accounting and attest services include:

- Audits
- Reviews
- Compilations
- Preparation of financial statements
- Employee benefit plan (EBP) audits
- Agreed-upon procedures
- Financial forecasts and projections
