

Business & Nonprofit Tax

OUR CPAS HELP YOU MINIMIZE YOUR CURRENT AND FUTURE TAX LIABILITY

What are the tax implications if you merge with another business or take on a new partner? How will next year's tax laws affect your plans to expand your business out of state? The professionals at Johnson O'Connor can help you answer these and other questions, as well as provide proactive tax-related guidance on myriad other matters.

With tax laws and legislation constantly changing, tax planning and preparation can be a complex task for many business owners and individuals. Our team of accountants at Johnson O'Connor is committed to staying on top of these new and developing tax issues so we can find and recommend the best opportunities to minimize our clients' current and future tax liability. What's more, we meet with clients throughout the year to inform them of any upcoming tax legislation changes that may affect their business, and offer advice on how to appropriately adapt to achieve financial growth.

We help clients with a variety of tax and planning services, including:

- Corporation and partnership tax
- Multistate tax
- Individual tax
- Estate and trust tax
- Sales and use tax
- IRS and state representation
