International Tax

WE PROVIDE COMPREHENSIVE INTERNATIONAL TAX SERVICES DESIGNED TO SERVE THE UNIQUE NEEDS OF EVERY CLIENT

Through global partnerships and our multilingual staff, Johnson O'Connor has the resources to help companies navigate complex regulations here and abroad. We provide tax compliance and consulting services to domestic companies expanding abroad and foreign companies entering the U.S. From a tax compliance standpoint, there are many different forms that apply when doing business or investing abroad. These compliance requirements apply to both U.S. entities and U.S. individual taxpayers and failure to comply may result in substantial penalties. There are different rules with regards to recognizing income from foreign activities. Care should be taken with structuring transactions to ensure such is done so in the most tax-efficient manner and maximizing foreign tax credits.

Our international tax services include:

- International tax planning and compliance
- Preparation of Foreign Bank and Financial Accounts Reports (FBAR)
- Individual tax for expatriates and foreign nationals
- Transactional Tax Issues
- Audit Representation
