

How to Search the Corporations Database on the Massachusetts Secretary Of State Website

For MA filings, search <u>the Corporations database</u> to locate or verify an entity's ID Number and/or corporate filings, including annual reports, certificates of organization, certificates of consolidation, certificates of merger, and statement of change of resident agent/resident office etc.

- 1) Navigate to the Corporations database
- 2) Search for a Business Entity: enter the Entity Name and select "Search Corporations."
 - a. Note that the entity name must be spelled correctly or must be exactly spelled as it was filed with the Secretary of State, otherwise it will not appear in the search.
